

**CHRYSLER PRODUCT OWNERS CLUB, INC.
MEMBERSHIP APPLICATION**

The Chrysler Product Owners Club (CPOC) is a non-profit, independent, regional club dedicated to the preservation, restoration, and enjoyment of all vehicles built by The Chrysler Corporation and its antecedent companies. Although all of our activities and most of our members are centered within the greater Washington, D. C. area (approximately 50 mile radius), membership includes hobbyists from other regions and foreign countries. Our activities include car shows and meets, tours, technical seminars and shop sessions, picnics, and other family-oriented social gatherings. Our monthly newsletter publishes a calendar of antique car events and related activities for the area; articles on historical, technical, restoration/preservation information, and other material of interest to the members; and a collector vehicle-related classified advertising (for sale or wanted) section.

Annual Dues (Jan - Dec): \$18.00 in the U.S.; \$24.00 for members outside the U.S. (payable in U.S. funds). The information below is for club use only and **is not** sold to mailing lists.

(Detach here and return with your dues)
